CAREER OBJECTIVE:

- To use my skills in the best possible way for achieving company's goals, preferably in a position where my creative, initiative, ideas and genuine enthusiasm would allow me to progress.

EDUCATION:

Course	Institution	University	Year of passing	Percentage (Aggregate)
M.Sc. in Physics Specialisation – Materials Science	Bangalore City College	Bangalore University	2014	60.35%
B.Sc. – PCM	Maharani's Science College for Women	Bangalore University	2012	65.6%
PUC – PCMB	Sri BhagawanMahaveer Jain College	Dept. of Pre-University Education	2009	51%
SSLC	St. Mary's girls high School	Karnataka Secondary Education Examination Board	2007	87.84%

PRACTICAL SKILLS GAINED DURING DEGREE:

- Lab work was part of each year's modules and gave me the experience of work with others in my degree group, learning hands on in many cases, the properties of metal, magnetic fields, electric fields and the electromagnetic spectrum, most notably light.
- I learned how to carry out experiments with accuracy, analyse the results and draw conclusions.
- I learnt new mathematical techniques in order to solve real-world physical problems.

SKILLS:

- Leadership:** Led a team of 12 students for organising Physics fest to promote practical knowledge. I learnt to work as part of a team, communicate ideas and difficult concepts effectively, write a report and to work to deadlines.
- Communication and Presentation:** I was nominated to participate in a seminar conducted by Christ University. Each student was to give their views and discuss on recent events regarding experimental physics. This required a 30 minute presentation of complex information in a clear and concise manner. This gave me valuable experience in group presentation techniques, and to manage my time effectively.

- **Computer skills:** I have excellent skills using Microsoft office, particularly Excel and PowerPoint. I corresponded at NIIT and learnt the languages C and C++.
- **Teamwork:** I have successfully undertaken various team projects within both academic and non-academic environments.

EXPERIENCE:

2015-2016 :Teaching in Jain Heritage School for IGCSE and CBSE syllabus.

INTERESTS:

- I was a part of field trip to kavalur observatory. It was an encouraging experience to explore and summarise the mythology behind each constellation which involves keen observation and accuracy.
- Navy Cadet Force. I particularly enjoyed this role and learnt a lot about myself and the important things in life. I used my analytical problem solving skills in practical situations. I learnt about self discipline, integrity, drive and determination, and the ability to persevere under pressure.
- I fancy handmade goods. I have a team currently working on fabrics. We are planning to exhibit the goods in our local area. This hobby requires a great amount of planning, teamwork and determination.
- I enjoy dancing. I have taken part in various school and college level organised functions with competitive and positive attitude.

PERSONAL PROFILE:

Date of Birth	05-04-1991
Sex	Female
Nationality	Indian
Religion	Hindu
Languages Known	English, Hindi, Kannada, Tamil, Telugu

DECLARATION:
